CLASS ACTION

**POST-DISTRIBUTION STATUS
REPORT**

District Judge Josephine L. Staton
Courtroom 8A, First Street
Magistrate Judge Karen E. Scott
Courtroom 6D, Santa Ana

1 Class Counsel respectfully submits this post-distribution status report
2 pursuant to the Court's order granting final approval of the Class Action
3 Settlement and awarding attorneys' fees, expenses, and service awards (the
4 "Order") (ECF 156).

5 In the Order, the Court directed Class Counsel to file a status report after
6 distribution of the last reimbursement check to Class Members. As explained
7 below, the Settlement Administrator, JND Legal Administration, LLC ("JND"),
8 has completed its distribution of reimbursement checks to Class Members who
9 submitted timely, valid Claims Forms pursuant to the Settlement Agreement. For
10 the reasons set forth below, Plaintiffs respectfully request the Court enter an order,
11 substantially in the form of the accompanying proposed order: (1) releasing the
12 \$285,000 balance of attorneys' fees awarded by the Court; and (2) directing
13 Defendants to issue payment to Beasley, Allen, Crow, Methvin, Portis & Miles,
14 P.C. ("Class Counsel Designee") by wire transfer within 48 hours of the issuance
15 of the order.

16 **1. Claims Process**

17 As detailed in the accompanying Declaration of Heather Follensbee
18 ("Follensbee Decl."), JND received 280 Claims for reimbursement from potential
19 Class Members who incurred out-of-pocket expenses related to the Fuel Pumps in
20 their Class Vehicles. On July 25, 2025, JND completed its initial review of the
21 submitted Claims and transmitted their report to Class Counsel and Defendants'
22 Counsel for review. Follensbee Decl., ¶ 9. After consultation with Class Counsel
23 and counsel for Defendants, on August 5, 2025, JND sent deficiency and denial
24 notices to Class Members who failed to submit completed Claim Forms and/or
25 Supporting Documentation as required in the Settlement Agreement. On
26 September 18, 2025, Class Counsel contacted JND and counsel for Defendants to
27 dispute JND's deficiency determination for 3 Class Members' Claims (Claim ID
28 Nos. N9AXPE47QS, NNTCBK2QRF, NY4RF3BNJQ). Between September 16,

1 2025, and October 16, 2025, the parties exchanged their positions on the disputed
2 Claims and, on October 16, 2025, reached agreement to provide full
3 reimbursement for 2 of the disputed Claims and partial reimbursement for the
4 remaining Claim. Follensbee Decl., ¶ 13. Ultimately, of the 280 Claims submitted:

- 5 (a) 6 Claims were for non-Class Vehicles, as confirmed by vehicle
6 identification numbers (“VINs”), and denied by the Settlement
7 Administrator without further processing (*Id.*, ¶ 12);
8 (b) 1 Claim submitted by a Class Member was withdrawn prior to the
9 Settlement Administrator’s determination (*Id.*, ¶ 9);;
10 (c) 234 Claims were determined to be deficient and were later denied for
11 failure to respond to deficiency notices (209 Claims) or failure to cure
12 deficiencies (25 Claims) (*Id.*, ¶¶ 13 and 14);
13 (d) 2 Claims were determined to be deficient and, after the Parties met
14 and conferred, were denied upon the Parties’ agreement that they
15 were for non-Covered Repairs and/or failed to provide supporting
16 documentation (*Id.*, ¶ 14); and
17 (e) 37 Claims were approved for reimbursement (19 Claims approved
18 after deficiencies were cured by Class Members).

19 *Id.*, ¶ 15 and 16.

20 On October 3, 2025, and November 10, 2025, the Settlement Administrator
21 issued reimbursement checks, totaling \$40,463.73, to the 37 Class Members with
22 approved Claims. Follensbee Decl., ¶ 16. To date, only 2 checks remain uncashed.
23 *Id.*, ¶ 16. The value of the uncashed checks amounts to \$1,709.16. *Id.*, ¶ 16. JND
24 will attempt to contact these Class Members 90 days after the date the checks were
25 issued and remind them to promptly cash their checks, or will reissue them, if
26 necessary. *Id.*, ¶ 16.

2. Non-Monetary Relief

As detailed in Plaintiffs’ Motion for Final Approval of Class Action Settlement (ECF 149, 149-1) (the “Final Approval Motion”) and supporting memoranda, the Settlement provides significant non-monetary benefits to the owners and lessees of the approximately 631,000 Covered Vehicles. For vehicles previously repaired under the recalls, Class Members are protected by an extended warranty on the replacement Fuel Pumps for up to 150,000 miles or 15 years, whichever comes first. For the more than 510,000 Additional Vehicles not covered by Mazda’s recalls, Class Members are entitled to free repairs (including parts and labor) needed to correct defects in the original equipment Fuel Pumps for 15 years from the original vehicle sale or lease date. All Class Members, whose vehicles are undergoing repairs, are also entitled to receive a loaner vehicle for up to 24 hours and a complimentary tow if their vehicle becomes inoperable or exhibits a dangerous condition due to the Fuel Pump. These benefits travel with the Covered Vehicle such that subsequent owners and lessees are also entitled to this valuable relief. According to Defendant Mazda Motor of America, Inc. (“Mazda”), as of September 26, 2025, 351 Class Members have sought and received free repair or replacement of their Class Vehicles’ Fuel Pumps under the Extended New Parts Warranty and Customer Support Program. These best-in-class benefits will continue to provide valuable relief to many other Class Members through 2035.

There have not been any significant or recurring concerns communicated by Class Members to Class Counsel regarding any facet of the Settlement following final approval.

Respectfully submitted,

Dated: December 2, 2025

31. Where injunctive and or other non-monetary relief has been obtained, discuss the benefit conferred on the class.

The Settlement provides significant non-monetary benefits to Class Members via the Extended New Parts Warranty for the Recalled Vehicles and the Customer Support Program for the Additional Vehicles. Plaintiff's valuation expert estimated the value of these Settlement benefits at \$172 million, not including additional value from the 27,631 Additional Mazda3 Vehicles that Mazda identified, on November 7, 2024, after the Court issued an order granting preliminary approval.

The Extended New Parts Warranty provides prospective coverage for the replacement fuel pump kit in the Recalled Vehicles for a period of 15 years from the Date of First Use, or 150,000 miles, whichever comes first. The Customer Support Program provides prospective coverage for repairs needed for Fuel Pumps equipped in the Additional Vehicles. Coverage under the Customer Support Program for the original equipment Fuel Pumps lasts for 15 years, measured from the Date of First Use of the Class Vehicles.

Class Members whose vehicles are undergoing repair under the Extended Warranty or Customer Support Program are entitled to a complimentary loaner vehicle while the repairs are being performed and up to 24 hours 24 hours after the time they drop off their vehicle for repair, or for 24 hours after the Class Member is informed that the repair is completed, whichever is later. Additionally, all Class Members are entitled to a complimentary tow to a Mazda Dealer, if their Class Vehicle is inoperable or is exhibiting a danger condition.

Class Members' rights under Extended Warranty and Customer Support Program transfer with the Class Vehicles, such that future owners and lessees will be protected and covered in the future.

Case No. 8:21-cv-01890-CJC-KES

**DECLARATION OF
HEATHER FOLLENSBEE RE:
SETTLEMENT NOTICE
PROGRAM IMPLEMENTATION
ADDITIONAL UPDATE**

1 I, HEATHER FOLLENSBEE, declare and state as follows:

2 1. I am a Director at JND Legal Administration LLC (“JND”). JND is a legal
3 administration services provider with headquarters located in Seattle, Washington. JND
4 has extensive experience with all aspects of legal administration and has administered
5 hundreds of class action settlements.

6 2. This Declaration is based on my personal knowledge, as well as upon
7 information provided to me by experienced JND employees and the Parties, and, if
8 called upon to do so, I could and would testify competently thereto.

9 3. JND is serving as the Settlement Administrator in the above-captioned
10 matter, pursuant to the Court’s Order Granting in Part Plaintiffs’ Motion for Preliminary
11 Approval of Class Action Settlement (“Order”) dated September 11, 2024. ECF 144.

12 4. This declaration is to provide an additional update to the Court from the
13 previously submitted Declarations of Jennifer Keough Regarding Settlement Notice
14 Program on May 3, 2024, and July 26, 2024, Declaration of Jennifer Keough Regarding
15 Notice Program Implementation on December 11, 2024, and the Declaration of Jennifer
16 Keough Regarding Notice Program Implementation Update on February 3, 2025
17 (“Implementation Declaration Update”). ECF 131 at Ex. 9; ECF 142 at Ex. 9; ECF
18 149-2; ECF 153-1.

19 **CLAIMS RECEIVED**

20 5. As outlined in the Implementation Declaration Update, the Notices
21 informed Class Members who would like to file a claim for previously paid out-of-
22 pocket expenses to submit their Claim Form and Supporting Documentation online or
23 postmarked by a date to be set, but no earlier than ninety (90) days after the Court’s
24 issuance of the Final Order and Final Judgment.

25 6. After the Court issued its Order Granting Plaintiffs’ Motion for Final
26 Approval of Class Action Settlement on March 4, 2025 (ECF 156), the Settlement
27 Website posted the updated, final claims deadline as June 2, 2025.

1 7. After the claims deadline, JND received a total of 280 claims, of which
2 260 were submitted online and 20 were mailed.

3 **CLAIMS REVIEW/INITIAL DETERMINATIONS**

4 8. JND reviewed and validated Claim Form submissions and determined a
5 total of 280 unique Claim Forms were filed in this Settlement.

6 9. On July 25, 2025, JND identified to the Parties a total of 19 initial Claim
7 Form submissions which were recommended for approval and reimbursement, 254
8 initial Claim Form submissions which were deemed deficient (for a reason such as an
9 invalid claimed repair, lack of repair date, or no proof of payment associated with a
10 repair), six (6) initial Claim Form submissions which should be denied for being filed
11 on behalf of a VIN that was not on the Class List, and one (1) Claim Form submitted
12 by a Class Member was withdrawn prior to the Settlement Administrator's
13 determination, pursuant to the terms of the Settlement Agreement.

14 **DEFICIENCY AND DENIAL NOTICES**

15 10. On August 5, 2025, pursuant to the terms of the Settlement Agreement,
16 JND mailed "Notice of Claim Determination" deficiency letters (a draft of which had
17 been reviewed and approved by the Parties) to the 254 Class Members who filed a
18 deficient claim. The letters informed Class Members that they would have until October
19 4, 2025, to provide a response and if a valid response was not provided, their claim
20 would ultimately be denied.

21 11. Of the 254 deficiency letters which were mailed, a total of 11 returned to
22 JND as undeliverable. JND researched and was able to locate an updated address for
23 two (2) of the Class Members. JND promptly re-mailed two (2) deficiency letters.

24 12. On August 5, 2025, pursuant to the terms of the Settlement Agreement,
25 JND mailed "Notice of Claim Denial" denial letters (a draft of which had been reviewed
26 and approved by the Parties) to the six (6) individuals who filed a denied claim.

FINAL DETERMINATIONS

13. A total of 41 Class Members, out of the 254 who were mailed a deficiency letter, responded to the notice with additional information before the deadline of October 4, 2025. JND reviewed all deficiency response documentation and on October 23, 2025, identified to the Parties a total of 18 additional Claim Form submissions for approval, which included 15 Claim Forms that had been cured and were now recommended for approval and reimbursement, as well as the three (3) additional Claim Forms that were considered for approval with consent and agreement by the Parties after meeting and conferring.

14. The remaining 25 Class Members who responded but did not cure their deficiency and 209 Class Members who did not respond to the deficiency letter were ultimately denied without further processing, pursuant to the terms of the Settlement Agreement. Additionally, two (2) Claims were determined to be deficient and, after the Parties met and conferred, were denied upon the Parties' agreement that they were for non-Covered Repairs and/or failed to provide supporting documentation.

CLAIM PAYMENTS

15. On September 23, 2025, JND requested a total of \$21,159.26 in funding from the Defendant for the first set of approved claims. On October 3, 2025, JND mailed a check to the original 19 Class Members whose Claim Form submissions were approved. As of the date of this declaration, a total of 18 of these payments have been cashed or deposited.

16. On October 23, 2025, JND requested a total of \$19,304.47 in funding from the Defendant for the second set of approved claims. On November 10, 2025, JND mailed a check to the additional 18 Class Members whose Claim Form submissions were cured and approved. As of the date of this declaration, a total of 17 of these payments have been cashed or deposited. The two (2) remaining Class Members, whose

1 total Settlement payment amounts to \$1,709.16, have until April 1, 2025, and May 9,
2 2025, to cash their checks. JND will send reminder notices within 90 days of issuance
3 of the original settlement payments if the two (2) remaining Class Member payments
4 do not cash by the expiration dates date.

5
6 I declare under the penalty of perjury pursuant to the laws of the United States of
7 America and the State of Washington that the foregoing is true and correct.
